RE: MAPEI Product Recommendations for use with the Tuscan Leveling System

MAPEI is pleased to offer the following products to be used with the Tuscan Leveling System to help create a lippage free tile installation system. Each MAPEI product has been thoroughly tested and approved by MAPEI Technical Services and will help ensure a problem free installation for large format Tile and Stone.

MAPEI recommended mortars for use with Tuscan Leveling Systems;

For Thin-Set and Medium Bed Methods:

- **Granirapid System** - Premium, Rapid Setting Two-component Mortar
- **Ultraflex LFT** – Specially Designed for Large Format Tile
- **Ultraflex 3** – Premium, latex-modified Mortar
- **Ultracontact** or **Ultracontact RS** (rapid set) - does not require additional “back-buttering” of Tile or Stone.
- **Ultralite** – light weight, non-sag Mortar

For Thin-Set Method

- **Keralastic / Kerabond System** - exceptional bond strength, flexural strength, and elongation

MAPEI products installed using the Tuscan Leveling system qualifies for the MAPEI “Best Backed” Warranty Program.
